Next Board of Selectmen meeting 12/9 at 6:30 p.m.

I am happy to report that other than some potential last finishing touches, all of the work related to the library geothermal well project – the well discharge system, electrical wiring, exterior drainage line, and the new sewer line – has been completed.

I have been working on preparing for our final transfers to and from our trust funds; I will have them ready for your approval on Monday. I have also been working on getting caught up on tasks that will need to be completed by year end. As you know, I have also been attending the ZBA and CIP meetings. In the near future we should discuss how we want to approach the compliance of status of Crotched Mountain Ski & Ride in light of their variance result.
